OBJECTIVE OF WORLD CONFERENCE
The World Association for Co-operative Education (WACE) hosts a biennial World Conference to provide a platform for academics, practitioners, learners, industry, community, Government and other stakeholders to critically engage in the key focus areas of Co-operative Education and Work-Integrated Learning (WIL).

It is appropriate that the Southern African Society for Co-operative Education (SASCE) hosts the 2013 World Conference - in the light of National Skills Development Strategy III and the Green Paper on Post-school Education, which emphasize Government’s strong support for Work-Integrated Learning (WIL) and partnerships as agents for skills development.

The World Conference will:
- Highlight the role & value of Co-operative Education & WIL across the Post-Schooling System
- Establish, promote, & foster networks & linkages to further enhance Co-operative & Work-integrated Education
- Address the challenges of Co-operative & Work-integrated Education
- Engage Senior Managers/Practitioners within industry on the challenges and benefits of WIL in practice
- Encourage & share research within the field globally
- Showcase local and global best-practices
- Benchmark regional & national research & practice globally
- Strengthen strategic alliances with industry, government, commerce & community
- Improve research output through published articles in SAPSE approved journals
- Provide relevant training on administration & management of Co-operative Education and tracking of WIL students
- Allow exhibition of WIL-related activity
- Encourage global debate
- Provide relevant workshops on e.g. Assessment of Work-based learning, Mentorship, etc
- Workshops & programs dedicated to FET’s & SETA’s
