General WIL/Internship Description

The NCRST) will be conducting the National Innovation Survey. This survey will produce a set of innovation indicators, which are part of the National Science, Technology, and Innovation (STI) indicators, including R&D indicators, used to measure and evaluate a country's progress in these fields. These indicators are crucial for supporting the development of R&D and innovation activities, as well as for planning, policymaking, monitoring, and evaluation of the science, technology, and innovation system.

Other Requirements

This exercise will last for 4 weeks and is open to recent unemployed graduates with a qualification in Statistics, Mathematics, or Accounting. Preference will be given to those with experience in data collection and sampling.

Other Requirements

Applications in writing (typed cover letter), accompanied by an updated CV, giving full details of work experience (if any), WIL letter, certified copies of academic records and identification documents in a single pdf file should be addressed to: NCRST, Olympia, Windhoek, Namibia. Please submit your applications via email only to: pbatholmeus@nust.na

Closing Date: Sunday, 14 July 2024

Time: 13:00

Assumption of Duties: As soon as possible

No applications will be accepted after 13:00 and only short-listed candidates will be contacted.
